Description

With a passion for providing a personal and professional service, we create tailor-made solutions to find the highest calibre candidates for temporary, permanent and contract-based positions. We serve corporate clients in the private, public and not-for-profit sectors, as well as SMEs, across the South East. By fully understanding your organisation, we are able to attract candidates that not only have the right skills and qualifications but also the ideal personality and aspirations. We aim to be an extension of your organisation, becoming your brand ambassador in the local job market. Our service is backed up by our 'Talent Guarantee', where we will recruit again at no cost if any candidate falls short of your expectations in line with your probation period.
