

2 Chapel Street, Century Street Industrial Estate
Belper, Derbyshire DE56 1AR
United Kingdom

Sonna Kitchens is a family run retailer, with a showroom in Belper, Derbyshire. We are a small team run by Sonny and Anna. Sonny has 15 years' experience in the kitchen industry, has worked in many big name kitchen showrooms helping people design their dream kitchens. Despite the addition of the showroom where customers are welcome to browse ideas and samples, Sonna Kitchens still offer our free, no obligation home consultations, where we get your creative juices flowing in the comfort of your own home. Catering for all kitchen styles, kitchen budgets and specifications, we will take measurements and discuss your vision before going away to start designing your new kitchen. Using the latest software, Sonny is able

to bring your kitchen to life using 3D imaging and panoramas – so you don't just have to imagine what your kitchen will look like on paper, you can see exactly how it's going to look as you feel like you're already standing in it! It's important that your kitchen is unique to you, so you are then able to make tweaks and changes to the design, confidently guided on what will and won't work, until you are head over heels in love with the vision. As one customer said: "Their passion and enthusiasm is infectious and they'll love your kitchen just as much as you do". Once the kitchen design has been finalised, we take care of every aspect of fitting, including electrics, plumbing, flooring – there's no need for you to worry about anything. We can even provide you with temporary cooking equipment to minimise any disruption during the fitting phase!
