Construct Vision Corp. is a family-owned exterior construction company based in Calgary, Alberta. We provide high-quality roofing and siding services for residential and commercial properties across the Alberta, British Columbia and Saskatchewan. Our core expertise is premium standing seam metal roofing with mechanical lock — offering exceptional durability, a watertight seal, superior wind uplift resistance, and long-term performance in harsh Canadian weather. We use trusted 22 and 24-gauge Canadian steel, and fade-resistant paint coatings backed by manufacturer warranties. Our services include:

- Metal roof installation & replacement
- Asphalt roofing repair & replacement

- Steel, vinyl & hardie siding installation and repair
- Soffit, fascia, and gutter systems
- Exterior inspections and maintenance

We take pride in craftsmanship, clean job sites, and a customer-first approach. Clear communication, transparent pricing, and strong material and 25-year labor warranties define every project we deliver. Construct Vision Corp. — trusted quality that protects your home for decades.
